

Old Rochester Regional Junior High Ink Jet and Laser Cartridge Collection Program

Don't throw away empty ink jet and laser cartridges. Send them to school to help us earn money for school activities. empty ink jets and lasers can be recycled and reused. For each recyclable ink jet and laser cartridge you bring us, **our school will receive up to \$4.00 (\$2.00 for most) for each ink jet and \$1.00 - \$12.00 for each laser.** It doesn't take long for that to add up

And best of all, it's good for the environment, too. So ask your parents, relatives, and friends to save their empties for you to bring to school for this program. Note: Not all cartridges are recyclable; at this time we do not accept any ink jet cartridges made by or for epon printers or other styles that have no electronic circuitry. If you're not sure send it in anyway!

A representative from the recycling team will visit your homeroom once a week to collect cartridges.

The homeroom that brings in the most cartridges will receive an award.

If you have any questions you can contact Mr. Botelho at Ext.1115.
